

firebase::auth::Credential

```
graph BT; A[firebase::auth::PhoneAuthCredential] --> B[firebase::auth::Credential]
```

The diagram illustrates an inheritance relationship between two classes. At the bottom is a gray box labeled 'firebase::auth::PhoneAuthCredential'. A blue arrow points upwards from this box to a white box at the top labeled 'firebase::auth::Credential'. This indicates that 'firebase::auth::PhoneAuthCredential' inherits from 'firebase::auth::Credential'.
